

It is MY right not to have to listen to 20 mins of DJ chatter mixed in with 10 minutes of music. IF I want talk radio I listen to to, if I want music I listen to it. IF my kids are in the car I get NON STOP kid appropriate music. When I am stuck in traffic or heading out into a storm, I do not want to wait 10 minutes to hear the weather or traffic report.

Why stop a good thing?
